

The CareCredit Patient Financing App Integration

A Proven Way for Patients to Pay Out-of-Pocket Medical Bills

CareCredit has more than **30 years** of experience helping millions of patients pay for healthcare including **deductibles, copays, and out-of-pocket expenses not covered by insurance**. Now, CareCredit is integrated with a leading electronic health record (EHR) system provider, **Epic**.

The CareCredit Patient Financing app makes it easy for your health system to accept the **CareCredit healthcare credit card**, a proven, convenient way for patients to pay their bill over time, and offer it right within **MyChart** and the **Hyperspace resolute workflow**.

Benefits For You

- **Automated reconciliation:** Real-time post back to patient account in Epic Resolute module
- **Saves time:** Integrated billing lookup from MyChart billing activity
- **Hassle-free:** Risk-free* payment provided in 2 business days
- **Compliant:** HIPAA, PCI and OAuth 2.0 authentication compliant
- **Shifts risk:** Helps improve your patient financial experience and patient collections

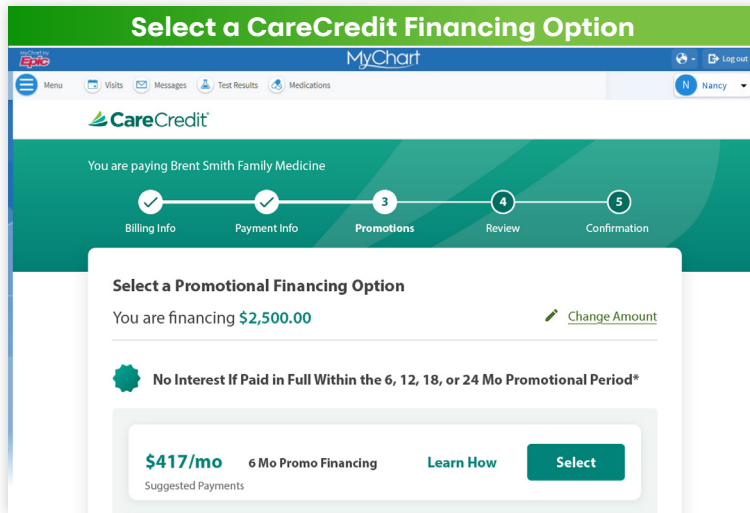

Benefits For Your Patients

- **Convenient:** Review financing option that helps fit their budget, all in one place
- **Seamless:** Payments made directly within the MyChart App
- **Secure:** Credit card data is not shared with the MyChart web server
- **Mobile-friendly:** Designed to be compatible for desktop and mobile experiences
- **No Impact on Credit Bureau Score:** Patients can see if they prequalify for the CareCredit credit card without impacting their credit bureau score.

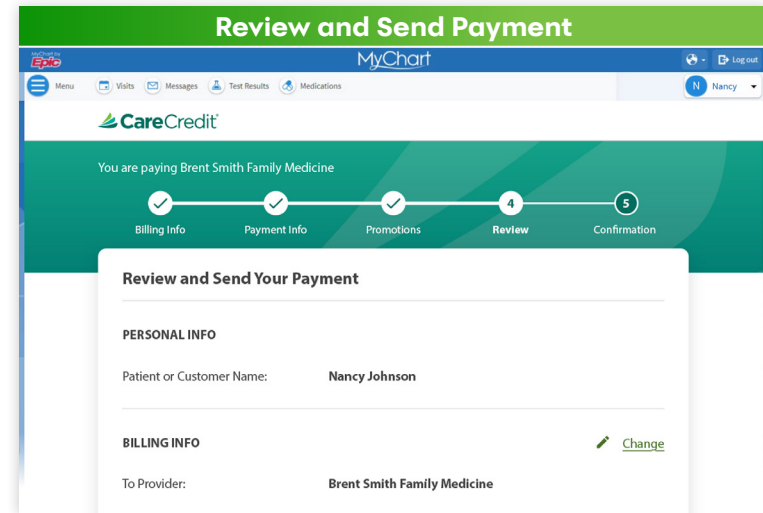

*Subject to the representations and warranties in your agreement with CareCredit including but not limited to only charging for services that have been completed or that will be completed within 30 days of the initial charge, always obtaining the patient's signature on in-office applications and the cardholder's signature on the printed receipt.

CareCredit—Helping Improve Your Patient Financial Experience and Collections

The **CareCredit Patient Financing app** makes it easy for providers who accept CareCredit to offer **flexible financing options** directly within **MyChart** and the **Hyperspace resolute workflow**.

Cardholders can access a convenient financing option that helps fit their budget.

The payment transaction is made directly in MyChart and the health system's patient ledger is updated in real time.

Get Started Today
